Hi All

Hope you are all well and keeping safe. At least the weather has been kind which I am sure you are all out and doing all the outside jobs that need doing. Perhaps we could have a competition to see who's garden, DIY etc projects that been done or doing!

As we have the announcement by the Prime Minister on Sunday things may be relaxed a bit, we will have to see what that means to sailing.

The committee has discussed things as they may influence all our plans for the future. One thought is that we could carry on sailing but not on the water but virtually on our devices. This could be a series of races, they seem quite fun and can be run just for Ely sailors. However there is a cost which I understand is £9.99 a month the link is:-

<https://www.rya.org.uk/Pages/virtual-regatta.aspx>

Perhaps visit it and see what you think?

We have also put together a survey monkey to see who might want to take part? Please reply by next Saturday 16/05/2020 thanks the link is

<http://www.surveymonkey.co.uk/r/H59HJVL>

Looking forward to your response, it will be sailing a course, but in different types of boats so the experience might be fun for all, I am including social sailors in this. My thoughts the model yacht types will be quite good, followed by the young x-box, PSP gaming types, computer experts. The proper sailors may need a bit of help!

All, take care and stay safe, hope to see you all soon.
